

**Comments from Teachers participating in a June 18, 2008 CFRA Enviroscope Presentation:**

“Outstanding presentation...Really made the learning “stick.” He was very knowledgeable about the subject.” -- Edward Medley, Terry Sanford High School.

“His presentation was interactive and relevant. I enjoyed the lesson and believe the students could benefit.” – Paige Slider, Pine Forest High School.

“Mr. Sheats had a lot of good environmental information which I know I will share with my students.” – Ivy Farmer, Cape Fear High School.

“His presentation gave me new insight on how polluting plays such a major role in the process of damaging our water. His presentation in the school system could influence students to be better managers of how they treat the earth.” R. Byrd, Max Abbot Middle School.

“This subject hits home (water conservation) and its effect on all of us.” – Ann Marie Huntley, Max Abbott Middle School.

“I loved the presentation! He did a great job and enlightening demonstration. I had no idea of the things we do without thinking twice that they cause water pollution. I appreciate being educated. Thank you.” – Karen Ingram, Gray’s Creek High School.

“It was a very informative presentation.” – Anonymous, Unidentified School.

“I was never a litter bug because of my commitment to just keeping things clean. He gave me detailed information on why we need to protect our environment.” – Flora Elliott, H L High School.

“He was very informative about environmental issues. I will be referring him to the science teachers at my school.” – Joann Blanton, Massey Hill Classic High School.

“He made me aware of things that I had not considered and how to improve the state of the earth one person at a time.” – Anonymous, Unidentified School

“Bridging the environmental gap between business and our society was very important. Very interesting and most importantly, it provided an awareness. I enjoyed the presentation.” –Larry Thompson, Jack Britt High School.

“He informed me of the things that I as an individual can do to make a difference in the environment. In that short amount of time, my eyes have been opened.” – Bridgette Anderson, Pine Forest High School.

“The subject was absolutely dynamic; essential information for our survival.” – Gen Bullock, Douglas Byrd High School.

“He educated us on the impact we have on the environment and what we can do to help. It made me more interested in other industries that can have bad effects from their practices or which use large amounts of water. I want to learn more.” – Teresa Warner, Jack Britt High School.

“I liked the presentation because of the group interaction that he had with the teachers. He presented an abundance of information that we can help spread to our students as well as other adults.” – Teresa Currie, Pine Forest Middle School.

“The presentation gave me some good ideas to incorporate into my classroom when I teach marketing (distribution).” –Brenda Hayes, Terry Sanford High School.

“His presentation was interactive. He provided insightful information. I would like to have him speak in our science classes.”—Maria Boddy, Pine Forest Middle School.

“He was very informative. It is good information to share with all ages of students, and adults.” – Anonymous, Pine Forest Middle School.

“He was very informative. His demonstration gave me a wake-up call as to how our habits are affecting our water supply and how I can be a part of the solution.” – Anonymous, Unidentified School.

“His presentation was so informative and practical. We can use his presentation in our own classrooms.” – Anonymous, Unidentified School.

“He was very articulate, knowledgeable, and practical.” – Joseph Fankibi, E. E. Smith High School.

“He was very informative.” – Chyllaum Bilal, Pine Forest ----- School
